PLOT NO. T-1, TALOJA INDUSTRIAL AREA, MIDC, TALOJA - 410 208, DIST.: RAIGAD, MAHARASHTRA.
E.MAIL : igpetrotaloja@igpetro.com

Date : 2.12.2013

TO WHOMSOEVER IT MAY CONCERN

We have installed 2 Nos. Maleic Anhydride units, one in 1991-92 and another in 1996-97 and each one consists of one dehydration and one distillation for recovery of Maleic Anhydride from scrubber wash water received from our own Phthalic Anhydride plants.

Since we have put up one more Phthalic Anhydride plant, we have carried out revamp of the existing Dehydrations of Maleic Anhydride units and also installed one more Maleic Anhydride distillation unit for recovery of pure Maleic Anhydride from generation of additional crude Maleic Anhydride generated from additional scrubber wash water received from the 3rd Phthalic Anhydride unit.

M/s. RST Control System, Dombivli (E), had been awarded Instrumentation and electrical contracts for carrying out the 3rd distillation unit for recovery of Maleic Anhydride. They have carried out the entire instrumentation and electrical installation jobs successfully and we have found their workmanship to our utmost satisfaction and as per the petrochemical engineering standards.

We wish them all success for their future endeavours.

For **MYSORE PETROCHEMICALS LIMITED**,

(G. VENKAT RAM REDDY)
